# What does home mean to you?

Together  
we will end  
homelessness

## Get creative and show us what 'home' means to you!

We've all been spending more time indoors recently, but a home is more than walls and a roof. A home is somewhere that we feel safe and secure. Have a think about who or what is important to you – it could be things like your family, your pets, your bedroom or your toys – and how they make you feel.

Draw, paint, collage or take pictures to create a masterpiece that sums up what makes your house a home.

**Parents activity: We would love to see your child's artwork! Send us a photo and we will share a selection on our channels.**
