

What does home mean to you?

Get creative and show us what 'home' means to you!

At Crisis, we know that home is more than just a roof and walls. A home is somewhere that we feel safe and secure.

Think about all the things that are important to you at home – it could be your family, your pets, your bedroom or your toys – and how they make you feel.

Use the space in the house on the following page to draw, paint, collage or write about what home means to you.

**Parents & guardians –
we'd love to see your child's creation!
Send us a photo or tag us:**
